

NTX EGIS SOLUTIONS LLC | CAPABILITY STATEMENT

Built on Integrity. Driven by Purpose.

CAPABILITY OVERVIEW

NTX EGIS Solutions helps public-sector and industrial organizations improve safety performance, qualify operators and trainers, strengthen supervisors, and build defensible training systems. Our Ph.D.-led, veteran-owned team delivers practical instruction, evaluations, curricula, and documentation through on-site, virtual, and blended delivery.

CORE CAPABILITIES

- OSHA-aligned safety and compliance training
- Supervisor, leadership, and workforce development
- Train-the-Trainer and instructor development
- Fleet, driver, and transportation safety
- Industrial equipment and operator qualification
- Safety programs, SOPs, checklists, and documentation
- Custom curriculum, LMS, and microlearning development
- Mock OSHA audits, risk assessments, and corrective-action planning
- Emergency action plans, evacuation maps, and visual safety procedures

WHY EGIS

- 20-year U.S. Air Force veteran leadership
- Ph.D.-led learning and behavior-change design
- On-site, virtual, and blended delivery

**Government
Contracting**

SELECTED EXPERIENCE

Work performed directly and through safety-services partners.

- **Epiroc** | PIT and MEWP operator qualification; electrical, tool, and chemical-safety training with documented findings.
- **SAF-Holland** | Forklift and crane/hoist Train-the-Trainer; LOTO and fall-protection training.
- **Ocean Spray** | Forklift Train-the-Trainer with standardized evaluations and training records.
- **Rinker Materials** | PIT, MEWP, and crane/hoist training with hands-on operator evaluations.
- **Jayco MFG** | Workplace safety and OSHA compliance assessment with documented findings and corrective priorities.
- **Niagara Bottling** | Facility fire-extinguisher mapping and standardized emergency-safety documentation.
